

To our valued guests:

We are excited to announce that we will be re-opening for dine-in service on Monday, June 1. We took a few extra days to prepare, to make sure we are ready with strong procedures in place that will maximize the safety of both customers and staff. We have completed our new policies and procedures. Listed below are a few steps:

- A thorough (every 30 minutes) cleaning and disinfecting schedule for all surfaces, especially high-touch areas.
- Screening of staff for any symptoms of COVID-19 prior to entering the restaurant.
- Maintaining a log of contact information for customers that have dined with us (at least one person from each party), to ensure the ability to do contact tracing if needed.
- Spacing tables to ensure appropriate distancing between parties.
- New policies for menu use which will include single-use printed menus.
- Directing traffic flow through our restaurant space to limit clustering for staff and guests.

Thank you for all of your support during these last few months. We are truly grateful and excited to serve you all again.

We look forward to welcoming you back,

Grazie,  
La Piazza Dario Ristorante
